

First Robotics Campus Event Proposal

Preparation:

- No need to book the room since we are invited to host
- Send emails to First Robotics McMaster and ECE department to reserve our booth
- Poster and Banner Ready
- Test the current completed robot and prepare for demo all the day
- Post notifications to all the sub team groups in Microsoft Teams
- Post Facebook Event and Instagram, update the team website
- Set up our booth when arrives at the competition arena

Event Schedule:

1) TEAM SOCIAL

We will be hosting a Team Social on Friday night from 6:30-8:30pm. There will be information sessions running on mechanical and software design to help

teams with future robots. Enjoy tons of free pizza, meet McMaster Engineering club & team members and learn how to take your team's performance to the next level!

2) DEAN'S LIST LUNCH

Students nominated by their teams for the Dean's List Award in 2019 will be treated to lunch with Engineering Faculty members on Saturday, April 6th from 1:30-2:30pm in the Mezzanine.

3) TEAM EXPO

Our team will be set a booth in the First Robotics Preparation Court as well as the other engineering teams. Get our robots ready for the pass by kids and their parents to try and play! We might get to meet with our future potential Marauders!
